An application must be made online at www.birmingham.gov.uk/schooladmissions. You will also be required to complete an additional information form for this school, which is available from the school or the local authority. Both must be completed for a place.

How to make an in-year application
Applications made outside the normal admission round (in-year admissions) must be made directly to the school(s) concerned. The local authority will provide an in-year application form for parents to complete. You will also be required to complete an additional information form as above.

Admission criteria
The admissions process will consist of the following two key elements which will determine the offer of school places. Parents who have:
(a) Completed fully all sections of both the Local Authority and Al-Furqan’s application forms and provided all supporting documentary evidence as listed in the ‘notes’ to the School’s additional application form.

(b) Providing certified proof of evidence on letter headed paper from their local mosque or an Islamic organisation of the child’s ability to recite the ‘Shahada’ (Ashhadu Alla Ilaha Illa Allah Wa Ashhadu Anna Muhammadun rasulu'Llah) and explain its meaning (according to age, aptitude and ability) as a minimum requirement to establish their faith.

Any child with a statement of special educational needs is required to be admitted to the school that is named in the statement. This gives such children overall priority for admission to the named school. This is not an oversubscription criterion.

Where applications for admissions exceed the number of places available, the following criteria (in descending order) shall apply:

a) Children of Islamic faith who are in the care of the Local Authority (looked after children) or were previously looked after or provided with accommodation by them (e.g. children with foster parents) (Section 22 of the Children Act 1989) a certified proof of evidence on letter headed paper from their local mosque or an Islamic organisation of the child’s ability to recite the ‘Shahada’ (Ashhadu Alla Ilaha Illa Allah Wa Ashhadu Anna Muhammadun rasulu'Llah) and explain its meaning (according to age, aptitude and ability) will be required as a minimum requirement to establish their faith.

b) Children with siblings at Al-Furqan. The Local Authority ‘Sibling’ definition has been adopted. For all siblings of Islamic faith certified proof of evidence on letter headed paper from their local mosque or an Islamic organisation of the child’s ability to recite the ‘Shahada’ (Ashhadu Alla Ilaha Illa Allah Wa Ashhadu Anna Muhammadun rasulu'Llah) and explain its meaning (according to age, aptitude and ability) will be required as a minimum requirement to establish their faith.

c) Children of staff employed at Al-Furqan Primary School for two or more years or who will meet a skills shortage. For all children of staff of Islamic faith certified proof of evidence on letter headed paper from their local mosque or an Islamic organisation of the child’s ability to recite the ‘Shahada’ (Ashhadu Alla Ilaha Illa Allah Wa Ashhadu Anna Muhammadun rasulu'Llah) and explain its meaning (according to age, aptitude and ability) will be required as a minimum requirement to establish their faith.

d) For all other children of Islamic faith certified proof of evidence on letter headed paper from their local mosque or an Islamic organisation of the child’s ability to recite the ‘Shahada’ (Ashhadu Alla Ilaha Illa Allah Wa Ashhadu Anna
Muhammadun rasulu'Llah) and explain its meaning (according to age, aptitude and ability) will be required as a minimum requirement to establish their faith.

e) All other children in the care of the Local Authority or were previously looked after.

f) All other children.

The criterion listed above reflects the admissions for the School and will be applied fairly and objectively in the offer of School places. In case of oversubscriptions, priority will be given to those children, at the time of application, residing closest to the School. The Local Authority’s ‘Distance’ definition has been adopted. The distance is measured from the school gates in Formans Road to the child’s home address. For those children who spend part of the week with one carer and part with another the Local Authority’s ‘Shared Responsibility’ definition has been adopted.

3. Any subsequent places offered from the waiting list will be offered using a fresh round of the random allocation process. This will include applications that have been accepted after the closing date.

ARK CHAMBERLAIN PRIMARY ACADEMY

Age Range: 7-11

Ward: South Yardley

Year 2 to Year 3 transfer
Parents with a child attending St Benedict’s Infant School in Year 2 who
would like their child to transfer to Ark Chamberlain in Year 3 will be required to
complete a local authority transfer from Year 2 to Year 3 form for a place at the school.

**How to make an in-year application**
Applications made outside the normal admission round (in-year admissions) must be made directly to the school(s) concerned. The local authority will provide an in-year application form for parents to complete.

**Admission criteria**
Where the academy is named on a pupil's Statement of Special Educational Needs or Education and Health Care Plan, that child will be admitted by the academy. Where fewer applications are received than places available, the academy will offer places to all those who have applied. If the number of applications for admission to the nursery or primary school is greater than the PAN, applications will be considered against the criteria and order set out below:

a) Looked After Children and Children who have been previously looked after (pursuant to the Admissions Code).

b) Children who will be attending the linked infant school (St Benedict's Infant School, St Benedicts Road, Small Heath, Birmingham, B10 9DP, URN 103261) at the time of application and will still be in attendance at the end of Year 2.

c) Children who at the time of the admission have a sibling who attends the academy or St Benedict's Infant School. Siblings (brothers or sisters) are considered to be those children who live at the same address and either:
   i. have one or both natural parents in common; or
   ii. are related by a parent's marriage or are brought together as a family by a same sex civil partnership; or
   iii. are adopted or fostered by a common parent.
   
   Unrelated children living at the same address, whose parents are living as partners, are also considered to be siblings.

d) Distance measurement – Distances are calculated on the basis of a straight-line measurement between the applicant’s home address and the front school gates. A child’s home will be the address at which the child normally resides and which has been notified to the academy and other relevant agencies as being the child's normal place of residence.

Tie breaker: If Ark Schools is unable to distinguish between applicants using the published criteria, including those who live in blocks of flats with the same building entrance, places will be offered via a random draw which will be supervised by someone independent of the academy.
Note: In the case of multiple births or brothers and sisters in the same year group, where there is only one place available in the academy, both will be considered together as one application.

1. Looked After Children and Children who have been previously looked after (pursuant to the Admissions Code).

2. Children of staff at the school where there is a demonstrable skill shortage – Children of members of staff will have priority in the oversubscription criteria if the staff member is filling a post for which there is a demonstrable skill shortage. Ark Schools is required to approve the Principal’s designation of such posts and confirm the assessment that a member of staff appointed
meets the requirements of the shortage. Priority will be limited to one place for each form of entry in any year.

3. Children who at the time of the admission have a sibling who attends the academy. For this purpose “sibling” means a whole, half or step-brother or -sister or an adopted child resident at the same address. In respect of applications to the primary school, the fact that an applicant has a sibling attending the nursery school will not be a factor giving rise to priority.

4. Children of staff in the school – Where there is no demonstrable skill shortage, priority may be given where the academy is oversubscribed to a child of a person who will have been employed in the academy for two or more years at the time the application for admission is made. Priority will be limited to one place for each form of entry in any year.

5. Distance measurement – A child’s home will be the address at which the child normally resides and which has been notified to the academy and other relevant agencies as being the child’s normal place of residence.

i. In those cases where the relevant LA measures distance on behalf of Ark Schools, the method they adopt for measurement and also selection between equal applicants and those living in flats will apply.

ii. In those cases where Ark Schools is required to carry out the measurement itself, priority will be given to those children who live closest to the school using a straight-line measurement taken from Ordnance Survey Data from the academy building’s main reception to the main entrance of the child’s home. Where a child resides in a block of flats, the distance will be measured from the academy building’s main reception to the main entrance of the building in which the flats are located.

Tie breaker: If Ark Schools is unable to distinguish between applicants using the published criteria, including those who live in blocks of flats with the same building entrance, places will be offered via a random draw which will be supervised by someone independent of the academy.

How to make an in-year application
Applications made outside the normal admission round (in-year admissions)
must be made directly to the school(s) concerned. The local authority will provide
an in-year application form for parents to complete.

Admission criteria

1. A ‘looked after child’ or a child who was previously looked after but
immediately after being looked after became subject to an adoption, child
arrangements, or special guardianship order. A looked after child is a child
who is a) looked after by a local authority or b) being provided with
accommodation by a local authority in their exercise of their social services
functions, in accordance with section 22 (1) of the Children Act 1989. Details
of eligibility must be supplied by the allocated social worker or foster carer.

2. Children for whom it is essential to be admitted to the Academy because of
special circumstances to do with significant medical or social needs, which
relate to the child or an immediate member of the child’s family. Applications
must be supported by medical evidence from a GP or hospital consultant,
social worker or similar professional.

i The supporting evidence should set out the particular reasons why the
Academy is the most suitable and the difficulties that would be caused if the
child had to attend another School. This evidence must be sent to the
Academy by the application closing date, for the applicant to be considered
under this criterion.

3. Children who, on the date of admission, will have a sibling (i.e. a natural
brother or sister, or a half brother or sister, or a legally adopted brother or
sister or half-brother or sister, or step brother or sister) who will be living with them at the same address and on roll of the Academy. Children will be considered under this criterion if they have a sibling who attends the Academy and who will continue to be on roll when the child joins the Academy.

4. Children of staff, where the member of staff has been employed by the Academy for 2 or more years at the time of application, or the member of staff was recruited to fill a vacant post for which there is a demonstrable skill shortage.

5. Children living nearest the school. Distances are calculated on the basis of a straight-line measurement between the applicant’s home address and the school front gates on Trittiford Road. The LA uses a computerised system, which measures all distances in metres. Ordnance Survey supply the co-ordinates that are used to plot an applicant’s home address.

Within each of these categories, priority is given to those who live nearest the academy, calculated on the basis of a straight-line measurement between home and front gates on Trittiford Road.

How to apply for Reception Class in September 2018
An application must be made online at www.birmingham.gov.uk/schooladmissions. You will also be required to complete an additional information form for this school, which is available from the school or the local authority.

How to make an in-year application
Applications made outside the normal admission round (in-year admissions) must be made directly to the school(s) concerned. The local authority will provide an in-year application form for parents to complete. You will also be required to complete an additional information form as above.

Admission criteria
1. Looked after or previously looked after children.
2. Children living in the catchment area who, at the time of admission, have a sibling in either the Infant or the Junior School (Parents should note that Bournville Infant School has adopted the Local Authority’s ‘Sibling’ definition). The catchment area can be viewed at the School Office.
3. Other children living in the catchment area.
4. Children living outside the catchment area who, at the time of admission, have a sibling in either the Infant or the Junior School.
5. Other children living outside the catchment area.

In each of the above categories, places will be allocated according to the distance between home and school, beginning with children living closest to Bournville Infant School and whose circumstances remain unchanged on the day of admission. The school reserves the right to withdraw the offer of a place.
if a change in circumstances between allocation and admission would have resulted in a child not being offered a place at the time of allocation.

Distances are calculated on the basis of a straight-line measurement between the applicant’s home address and the centre of the main school building. The Local Authority uses a computerised system, which measures all distances in metres. Ordnance Survey supply the co-ordinates that are used to plot an applicant’s home address within this system. Proof of address will be required by the school.

Where parents have shared responsibility for a child, and the child lives with both parents for part of the week, then the main residence will be determined as the address where the child lives the majority of the week. Parents may be requested to supply documentary evidence to support the address used.

In a very small number of cases it may not be possible to decide between the applications of those pupils who are the final qualifiers for a place, when applying the published admission criteria. For example, this may occur when children in the same year group live at the same address, or if the distance between the home and school is exactly the same, for example, blocks of flats. If there is no other way of separating the application according to the admissions criteria and to admit both or all of the children would cause the legal limit to be exceeded, the Local Authority will use a computerised system to randomly select the child to be offered the final place.

Parents should note that admission to Bournville Junior School will not result in automatic admission to Bournville Infant School for younger siblings. The admission of younger siblings will be dependent on a place being available to which they are entitled under the admission criteria.

Parents with a child attending Bournville Infant School in Year 2 who would like their child to transfer to Bournville Junior School in Year 3 will be required to complete a Local Authority Preference Form for a place at the school.

How to apply for Reception Class in September 2018
An application must be made online at www.birmingham.gov.uk/schooladmissions. You will also be required to complete an additional information form for this school, which is available from the school or the local authority. **Both must be completed for a place.**

How to make an in-year application
Applications made outside the normal admission round (in-year admissions) must be made directly to the school(s) concerned. The local authority will provide an in-year application form for parents to complete. You will also be required to complete an additional information form as above.

Eligibility criteria
Places will be offered in accordance with the percentage reserved for:

- Seventh-day Adventist children (80%); and
- Non-Seventh-day Adventist children (20%).

Note
Parents/carers whose application is made on denominational grounds will be required to complete a Supplementary Information Form (available from the school office/local authority). This form must be completed by the parent/carer and signed by the Minister of the Church attended by the parent/carer and child before being returned to the school by 16 January 2018. Failure to complete the school’s Supplementary Information Form may affect the category in which your child is placed.

Admission criteria
**Oversubscription of Seventh-day Adventist children**
If there are more applications than places available, then places will be offered according to the criteria in the following order:

1. Children who meet the Seventh-day Adventist criteria who are or were previously looked after by a local authority.
2. Siblings of children already attending the school who meet the Seventh-day Adventist criteria.
3. Other children who meet the Seventh-day Adventist criteria.

**Oversubscription Non-Seventh-day Adventist children**
1. Non-Seventh-day Adventist children who are or were previously looked after by a local authority.
2. Siblings of non-Seventh-day Adventist children already attending the school.
3. Other non-Seventh-day Adventist children.
Distances are calculated on the basis of a straight line measurement between the applicant’s home address and the centre of the school building.

Seventh-day Adventist children are defined as children whose parent(s) or carer(s) are:
  a. Baptised members of the Seventh-day Adventist church.
  b. Have normally attended the church on a weekly basis for at least 12 months before the closing date of this application.

Notes:
  • If church attendance is less than 12 months due to moving house, previous church attendance will be taken into account as long as attendance is continuous.
  • The applicant should be the parent/carers with whom the child resides for the majority of the week.

Non Seventh-day Adventist children are defined as children whose parent(s) or legal carer(s) are members of other religions/faiths or parent(s) or carer(s) having no faith.

How to make an in-year application
Applications made outside the normal admission round (in-year admissions) must be made directly to the school(s) concerned. The local authority will provide an in-year application form for parents to complete.

Admission criteria
1. Children looked after by a local authority (in line with section 22 of the Children Act), and children who were previously looked after but ceased to be so because they were adopted (or became subject to a residence order or special guardianship order).

2. Children who have siblings in the school or nursery who will still be in attendance when the applicant enters school.

3. Nearness of the child's home to the school as measured by a straight line measurement from the applicant’s home address to the front door of the school. The local authority uses a computerised system, which measures all distances in metres. Ordnance Survey supplies the co-ordinates that are used to plot an applicant’s home address within this system. Where parents have shared responsibility for a child, and the child lives with both parents for part of the week, then the main residence will be determined as the address where the child lives the majority of the week. Parents may be requested to supply documentary evidence to support the address used.

If offering places within any one of the criteria would cause the school’s admission number to be exceeded, then children living nearest will be offered first. The local authority’s distance definition has been adopted. Distances are calculated on the basis of a straight line measurement between the applicant’s home address and the main gate of the school.

Admission criteria
If oversubscribed, the school will admit children under two groups. 50% of the available places will be allocated to children in Group A who are of the Christian
faith. The remaining places will be allocated, without reference to faith, to children in Group B.

On this basis a maximum of 50% of the available places will be allocated to children who are members of the Christian faith. Places will be allocated as follows.

**All Applicants**
Pupils with a Statement of Special Educational Needs/Education Health & Care Plan where KSIBS is named in the Statement/EHCP will be admitted to King Solomon International Business School.

**Group A – Applicants of the Christian faith (50% of Places)**
An applicant will be eligible for consideration under Group A only where they have submitted a completed ‘Faith Supporting Evidence Form’ as part of their application. The form is available to download from the www.kingsolomonibs.com website or it can be obtained by contacting our admissions office. If Group A is undersubscribed, the school will admit all eligible applicants. If Group A is oversubscribed, the following oversubscription criteria will be applied in order:

1. Looked after *Christian faith’ children and previously looked after Christian faith children.
2. Children of the Christian faith with a sibling (*) who is a pupil already attending King Solomon International Business School, at the time of admission.
3. Children of the Christian faith living closest to KSIBS based on straight line distance measurement using GIS software via the OS Address Point (#) of their home and the OS Address Point of the school.
4. Children of the Christian faith eligible for the Pupil Premium or Service Premium. If applying under this criterion, please complete the relevant SIF.

**Tie Breaker**
If a tie break is needed, where two or more eligible applications have equal priority for admission, to determine which applicant will be allocated a place, this will be done through random allocation via drawing of lots by an independent person of good standing.

**Group B – Community Applicants (50% of places)**
In Group B applicants will be considered without reference to faith. Places will be allocated in the following order:

If Group B is undersubscribed, the school will admit all eligible applicants. If Group B is oversubscribed, the following oversubscription criteria will be applied in order:

1. Looked after children and previously Looked After children.
2. Children with a sibling (*) who is a pupil already attending King Solomon International Business School, at the time of admission.
3. Children living closest to KSIBS based on straight line distance measurement using GIS software via the OS Address Point (#) of their home and the OS Address Point of the school.
4. Children eligible for the Pupil Premium or Service Premium.

**Tie Breaker**
If a tie break is needed, where two or more eligible applications have equal priority for admission, to determine which applicant will be allocated a place, this will be done through random allocation via drawing of lots by an independent person of good standing.

**Allocation of places if one of Group A or Group B is undersubscribed**
If after the admission of children with a Statement / EHCP fewer than 50% of the remaining children qualify for admission in Group A, additional places will be offered using the criteria listed for Group B above until the PAN is reached. If after the admission of children with a Statement / EHCP fewer than 50% of the remaining children qualify for admission in Group B then additional places will be offered to applicants who were not allocated a place under Group A. These applicants will be considered without reference to faith in line with the oversubscription criteria in Group B until the admission numbers are met.

**Christian Faith**
*Note: For the purposes of these admission arrangements children of the Christian Faith will be determined by whether the parent/s of the child or the child regularly attends a recognised Christian church, that is, at least twice per month. A recognised Christian Church is a church which is in membership with or affiliated to at least one of the following organisations: Churches Together in Britain, the Evangelical Alliance, the Order of St Leonard, or belong to a church that accepts the Nicene Creed as the statement of faith. This must be affirmed by the Church Leader on the Supporting Evidence Form.

**Pupil Premium**
Including the service premium. Parents will be required to provide evidence of eligibility and the school may request confirmation from the applicant’s home Local Authority. Children given priority under this criterion fall into the following categories:
- children currently registered as eligible for free school meals and children who have been registered as eligible for free school meals at any point in the last six years; and
- children whose parent(s) are serving in the regular UK armed forces, or to the children of ex regular UK armed forces personnel who were serving in the last 3 years.

How to make an in-year application

Applications made outside the normal admission round (in-year admissions) must be made directly to the school(s) concerned. The local authority will provide an in-year application form for parents to complete.

Admission criteria

1. Looked after children or previously looked after children i.e. children in foster care, care homes or who were before being adopted
2. Children with siblings in the school
3. Children of school staff fulfilling a skills shortage role
4. Home-to-school distance – meaning that the remaining places are allocated in order of each child’s proximity to the school.

- ‘Looked after children’ are (a) in the care of a local authority or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see definition in Section 22(1) of the Children Act 1989). ‘Previously looked after children’ are children who were previously looked after but immediately after being looked after became subject to adoption, a child arrangements order, or special guardianship order. These definitions are set nationally, by the Department for Education.

- ‘Siblings’ are defined as “children who live at the same address and either: i Have one or both natural parents in common; or ii. Are related by a parent’s marriage; or iii. Are adopted or fostered by a common parent. Unrelated children living at the same address, whose parents are living as partners, are also considered to be siblings.” The sibling must be at the school at the point
of proposed admission. Note – this definition is the one used by the Local Authority in relation to admissions to schools that they maintain - REAch2 schools adopt the same definition to avoid any confusion and keep arrangements as simple as possible for local parents and carers.

- This option is only available for teaching or leadership staff with a permanent contract to work at the school (and not employees in REAch2 regional or central teams); it will be subject to confirmation by an independent REAch2 regional non-executive that, on the evidence available, the post does indeed relate to a skills shortage in the area. This is compliant with the statutory School Admissions Code – in fact the code allows for a wider definition/scope for children of staff but REAch2 has chosen a more limited approach.

- ‘Home-to-school distance’ is defined/measured “on the basis of a straight line measurement between the applicant’s home address and the school’s front gate. Birmingham City Council uses a computerised system called Cartology, which measures all distances in metres. Ordnance Survey supplies the coordinates that are used to plot an applicant’s home address within this system.” ‘Home address’ is defined as the “child’s normal permanent home address. Where parents have shared responsibility for a child, and the child lives with both parents for part of the week then the main residence will be determined as the address where the child lives for the majority of the week.”. Note – these definitions are used by the Local Authority in relation to admissions to schools that they maintain – REAch2 schools adopt the same definition to avoid any confusion and keep arrangements as simple as possible for local parents and carers. The school and REAch2 as admissions authority reserve the right to carry out additional checks on the accuracy of the home address provided.

Tie-breaker
Where the admission number given above is reached part way through one of the above over-subscription criteria, the remaining places available are allocated on proximity to the school.

How to make an in-year application
Applications made outside the normal admission round (in-year admissions) must be made directly to the school(s) concerned. The local authority will provide an in-year application form for parents to complete.

Admission criteria
1. Looked after children (in public care).
2. Children with exceptional medical and social grounds.
3. Children who have brothers or sisters already in school and who will still be there when they start school themselves.
4. Children who live nearest to the school.

Exceptional Medical and Social Grounds
Children who the academy accepts have an exceptional medical or social need for a place at one specific school. Applications will only be considered under this category if they are supported by a written statement from a doctor, social worker or other relevant independent professional, this must be sent to the academy. The information must confirm the exceptional medical or social need and demonstrate how the specified school is the only school that can meet the defined needs of the child. This includes children in need, as determined by Section 17(10) of the Children Act 1989.
Distances are calculated on the basis of a straight line measurement between the applicant’s home address and the Academy’s front gate.

How to make an in-year application
Applications made outside the normal admission round (in-year admissions) must be made directly to the school(s) concerned. The local authority will provide an in-year application form for parents to complete.

Admission criteria

1. Looked after children or previously looked after children i.e. children in foster care, care homes or who were before being adopted.
2. Children with siblings in the school.
3. Children of school staff fulfilling a skills shortage role.
4. Home-to-school distance – meaning that the remaining places are allocated in order of each child’s proximity to the school.

- ‘Looked after children’ are (a) in the care of a local authority or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see definition in Section 22(1) of the Children Act 1989). ‘Previously looked after children’ are children who were previously looked after but immediately after being looked after became subject to adoption, a child arrangements order, or special guardianship order. These definitions are set nationally, by the Department for Education.
• ‘Siblings’ are defined as “children who live at the same address and either: i Have one or both natural parents in common; or ii. Are related by a parent’s marriage; or iii. Are adopted or fostered by a common parent. Unrelated children living at the same address, whose parents are living as partners, are also considered to be siblings.” The sibling must be at the school at the point of proposed admission. Note – this definition is the one used by the Local Authority in relation to admissions to schools that they maintain - REAch2 schools adopt the same definition to avoid any confusion and keep arrangements as simple as possible for local parents and carers.

• This option is only available for teaching or leadership staff with a permanent contract to work at the school (and not employees in REAch2 regional or central teams); it will be subject to confirmation by an independent REAch2 regional non-executive that, on the evidence available, the post does indeed relate to a skills shortage in the area. This is compliant with the statutory School Admissions Code – in fact the code allows for a wider definition/scoped for children of staff but REAch2 has chosen a more limited approach.

• ‘Home-to-school distance’ is defined/measured “on the basis of a straight line measurement between the applicant’s home address and the school’s front gate. Birmingham City Council uses a computerised system called Cartology, which measures all distances in metres. Ordnance Survey supplies the co-ordinates that are used to plot an applicant’s home address within this system.”. ‘Home address’ is defined as the “child’s normal permanent home address. Where parents have shared responsibility for a child, and the child lives with both parents for part of the week then the main residence will be determined as the address where the child lives for the majority of the week.”. Note – these definitions are used by the Local Authority in relation to admissions to schools that they maintain – REAch2 schools adopt the same definition to avoid any confusion and keep arrangements as simple as possible for local parents and carers. The school and REAch2 as admissions authority reserve the right to carry out additional checks on the accuracy of the home address provided.

Tie-breaker
Where the admission number given above is reached part way through one of the above over-subscription criteria, the remaining places available are allocated on proximity to the school.

Where the number of applications received is fewer than or equal to the published admissions number all applicants will be offered a place without being ranked.

Where the number of applications is greater than the published admission number, all applications will be ranked using the over-subscription criteria set out below.

All applicants for the Faith category who are not offered a place under that category will automatically be considered within the open category using to the over-subscription criteria for that category.

Where the number of applicants is greater than the published admission number, up to 50% of places will be offered to each of the following categories.

Category 1 – Faith based places
Faith based applicants will be ranked in the following order.

Priority Faith-based places
i. Looked After or Previously Looked-After Children\(^1\) – applying for a faith place.

ii. Siblings\(^2\) – applying for a faith place.

iii. Children of staff\(^3\) – applying for a faith place.

**Remaining Faith-based places** will be allocated in the following order.

**Definitions**

\(^1\) ‘Looked After Child’ or a child who was previously looked after but immediately after being looked after became subject to an adoption, child arrangements, or special guardianship order. A looked after child is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see the definition in Section 22(1) of the Children Act 1989).

\(^2\) “Sibling”. Where a child has a brother/sister, half brother/sister (where the children share one common parent), step brother/step sister or fostered/adopted sibling living at the same home address (i.e. the genuine principal place of
residence where they normally and regularly live) and who will be still attending Nishkam Primary School Birmingham in September 2017.

(Where parents have a shared responsibility for a child and the child lives with both parents for part of the school week, then the home address will be determined as the address where the child lives for the majority of the school week (i.e. three out of the five days). Parents will be required to provide documentary evidence to support the address they wish to be considered for allocation purposes).

3 ‘Staff’. Children of staff who have been employed at the school or Nishkam School Trust for at least two years at the time at which the application for admission to the school is made, or a member of staff is recruited to fill a vacant post for which there is a demonstrable skill shortage.

4 Amritdhari (formally initiated) Sikh is defined in these arrangements as those who have undergone the Khanda-ki-Pahul Amrit Sanchar initiation.

How to apply for Reception in September 2018
An application must be made online at www.birmingham.gov.uk/schooladmissions.

How to make an in-year application
In-year admission is the process of applying for admission into an existing year group within a school. Applications made after the start of the autumn term 2018 will be treated as an in-year application.

The in-year admission process will be managed by the school. Parent(s) / carer(s) are required to complete the in-year application form, which is available from and returnable to the school.

Statement
The Olive School, Birmingham is part of the Tauheedul Education Trust. The Tauheedul Education Trust has devolved operational responsibility for managing admissions to the Local Governing Body of The Olive School, Birmingham.
The school opened on a phased admission basis with an intake of 90 children in reception and 90 children in year 1 in September 2016. Each year the school will admit 90 children in reception. When the school is full, the total number of children will be 630.

As a progressive and inclusive Muslim faith school, the Governing Body will consider all applications equally without reference to faith.

**Summary of Admissions Policy (visit [www.olivebirmingham.com](http://www.olivebirmingham.com) for detailed policy)**

If the school is oversubscribed, the school will admit children in accordance with the oversubscription criteria below, once all children with a statement of special educational needs or education, health and care plan, naming the school, have been admitted.

**Oversubscription Criteria**
1. Looked after children or a child who was previously looked after, but immediately after being looked after became subject to an adoption, child arrangements, or special guardianship order (see note 1).

2. Children with a sibling who is a pupil already attending The Olive School, Birmingham at the time of both application and admission (see note 2).

3. Children of staff employed at The Olive School, Birmingham for 2 or more years at the time at which the application for admission is made, and / or the member of staff has been recruited to fill a post where there is a demonstrable skill shortage (see note 3).

4. Children for whom the Governing Body accepts that they have proven, exceptionally strong special, medical or social circumstances, which are directly relevant to attendance at The Olive School, Birmingham.

   Professional supporting evidence must be provided by the parent(s) / carer(s) from e.g. a consultant, doctor, psychologist, social worker or from another professional. A place will only be offered, if the Governing Body accepts the view of the professional, which confirms that the existing medical or social difficulties will be exacerbated if admission is not offered at The Olive School, Birmingham (see note 4).

5. Remaining places will be offered as follows (see note 5):
(a) Up to 15 places to children who reside in Acocks Green ward
(b) Up to 15 places to children who reside in Hall Green ward
(c) Up to 10 places to children who reside in Aston ward
(d) Up to 7 places to children who reside in Sparkbrook ward

Maps can be accessed from the school’s website on www.olivebirmingham.com or if you contact the school, the maps will be posted to you.

6. All other children who live nearest from home to The Olive School, Birmingham including those who were refused admission under criterion 5.

**Tie-breaker**

If criteria 1-4 and 6 are oversubscribed, then priority will be given to those children who live nearest from home to school. This will include children who could not be offered admission under oversubscription criterion 5. The distance will be measured in a straight line using Birmingham City Council’s computerised mapping system. This will measure distance from home to the main entrance of the school, using the co-ordinates supplied by Ordnance Survey.

If criterion 5 is oversubscribed, then priority will be given to the children in accordance with the criteria set out in note 5.

For all criteria, if the distance from the children’s homes to The Olive School, Birmingham or Sparkhill Library or Eden Boys’ School, Birmingham is the same, which includes the same geographical property reference (such as a block of flats), then random allocation will be used as a tie-breaker. The random allocation process will be undertaken by Birmingham City Council’s School Admissions Team at the Council Offices in the presence of a school representative.

**Address**

The address given must be where the child and parent(s) / carer(s) live permanently. It must not be the child minder’s, grandparent’s or other relative’s address. If parent(s) / carer(s) share custody of a child, then the Governing Body may request to see the court order, child tax credit letter, child benefit letter, medical card or other evidence to establish where the child is resident for the majority of the time during the weekdays. If there is joint custody for the child, then the address of the parent(s) / carer(s) receiving the child benefit will be used.

**Notes**
1. A ‘looked after child’ is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see the definition in section 22(1) of the Children Act 1989) at the time of making an application to a school. This includes children who were adopted under the Adoption Act 1976 (see section 12 adoption orders) and children who were adopted under the Adoption and Children Act 2002 (see section 46 adoption orders). Under the provisions of s14 of the Children and Families Act 2014, which amend section 8 of the Children Act 1989, residence orders have now been replaced by child arrangement orders. Section 14A of the Children Act 1989 which defines a ‘special guardianship order’ as an order appointing one or more individuals to be a child’s special guardian (or special guardians).

2. Siblings refers to full, half, adopted, step, foster children or the child of the parent(s) / carer(s) partner, and, in every case, the child must be living in the same family unit at the same address.

3. A child will be eligible for consideration when the parent(s) / carer(s) confirm on the home Local Authority’s common application form that they are employed at The Olive School, Birmingham for 2 or more years at the time at which the application for admission is made, and / or they have been recruited to fill a post where there is a demonstrable skill shortage.

4. It is important that you state on the application form and if required, attach a letter, clearly setting out your reasons for requesting admission under the medical or social criteria. You must also provide written supporting evidence from a professional with the application form. The letter from the professional must confirm that the existing medical or social difficulties will be exacerbated if admission is not offered at The Olive School, Birmingham.

The supporting evidence from the professional must be submitted by 15\textsuperscript{th} January 2018. If the evidence from the professional is received after 15\textsuperscript{th} January 2018, then the Governing Body will accept this as long as it is received by 4\textsuperscript{th} March 2018, at the very latest.

If the number of children requiring admission from Acocks Green and Hall Green wards is greater than 15, then priority will be given to those children who live nearest from home to The Olive School, Birmingham. The distance will be measured in a straight line using Birmingham City Council’s computerised mapping system.
If the number of children requiring admission from Aston ward is greater than 10, then priority will be given to those children who live nearest from home to Eden Boys’ School, Birmingham, Wellhead Lane, Perry Barr, Aston, Birmingham B42 2SY. The distance will be measured in a straight line using Birmingham City Council’s computerised mapping system.

If the number of children requiring admission from Sparkbrook ward is greater than 7, then priority will be given to those children who live nearest from home to the main entrance of Sparkhill Library, Stratford Road, Birmingham B11 4EA. The distance will be measured in a straight line using Birmingham City Council’s computerised mapping system.

How to apply for Reception Class in September 2018
An application must be made online at www.birmingham.gov.uk/schooladmissions.
How to make an in-year application
Applications made outside the normal admission round (in-year admissions) must be made directly to the school(s) concerned. The local authority will provide an in-year application form for parents to complete.

Admission criteria
1. A looked-after child and child who was looked after, but ceased to be so because they were adopted or, immediately after being looked after, became subject to a residence order or special guardianship order.
2. A child (or a parent) who have exceptional medical or social needs that make it essential for a child to attend St Clement's rather than any other. These needs must be fully supported by written evidence from the appropriate professional person involved with the family.
3. A child with a sibling already on roll at St Clement's at the time of application and who is expected still to be in attendance at the time of entry to the school.
4. Children whose parents have made an application on denominational grounds, defined as anybody whose parent regularly attends a local Church of England Parish Church. We define regular as meaning once a month for a twelve month period and this will be confirmed by a letter from the minister. Local means a Church within the Parish of Aston and Nechells.
5. Children whose parents have made an application on denominational grounds defined as anybody whose parent regularly attends any other Church of England Church. We define regular as meaning once a month for a twelve month period and this will be confirmed by a letter from the minister.
6. Children whose parents have made an application on denominational grounds defined as anybody whose parent regularly attends any other Christian denomination (defined as a Church who are members of Churches together in England or the Evangelical Alliance). We define regular as meaning once a month for a twelve month period and this will be confirmed by a letter from the minister.
7. All other children.

Notes
When applying under criterion 2 (exceptional medical or social needs), you must include supporting evidence from an independent professional person who is aware of the situation and supports your reasons for preferring St Clement's. This supporting evidence must clearly demonstrate why the school is the most suitable and must illustrate the difficulties that would be caused if your child had to attend another school. The person supplying the evidence should be a doctor, heath visitor, social worker, etc. who is aware of your child’s or your own case. St Clement's reserves the right to ask for further evidence or clarification where necessary and may seek the advice of appropriate educational professionals where necessary.

As regards an application on denominational grounds (4, 5 or 6), in respect of a child who has moved to an address within two miles of St Clement's, and who attended a Church in the vicinity of their former address, Church attendance at
their previous Church shall be counted as if it was within the category 4, 5 or 6, as applicable.

How to make an in-year application

Applications made outside the normal admission round (in-year admissions) must be made directly to the school(s) concerned. The local authority will provide an in-year application form for parents to complete.

Admission criteria

a) A 'looked after child' or a child who was previously looked after but immediately after being looked after became subject to an adoption, child arrangements, or special guardianship order. A looked after child is a child who is a) looked after by a local authority or b) being provided with accommodation by a local authority in their exercise of their social services functions, in accordance with section 22 (1) of the Children Act 1989.

b) Children for whom it is essential to be admitted to the Academy because of special circumstances to do with significant medical or social needs, which relate to the child or an immediate member of the child’s family. Applications must be supported by medical evidence from a GP or hospital consultant, social worker or similar professional.

1. The supporting evidence should set out the particular reasons why the Academy is the most suitable and the difficulties that would be caused if the child had to attend another school. This evidence must be sent to the Academy by the application closing date for the child to be considered under this criterion.

c) Children who, on the date of admission, will have a sibling (i.e. a natural brother or sister, or a half brother or sister, or a legally adopted brother or sister or half-brother or sister, or step brother or sister) who will be living with them at the same address and on roll of the Academy. Children will be considered under this criterion if they have a sibling who attends the Academy and who will continue to be on roll when the child joins the Academy.

d) Children of staff, where the member of staff has been employed by the Academy for 2 or more years at the time of application, or the member of staff was recruited to fill a vacant post for which there is a demonstrable skill shortage.

e) Children living nearest to the Academy. Distances are calculated on the basis of a straight-line measurement (as the crow flies) between the applicant's home address and the Academy front gates. The LA uses a computerised system, which measures all distances in metres. Ordnance Survey supply the co-ordinates that are used to plot an applicant’s home address and the address of the Academy.

Within each of these categories, priority is given to those who live nearest the academy, calculated on the basis of a straight-line measurement between home and the academy front gates.
