

I can	Science - Year 1				
	Scientific Skills	Dates			
Working scientifically	Asks a few simple questions.				
	Recognises that questions about what is noticed can be answered.				
	Observes things closely				
	Can identify things that are natural and manmade.				
	Can perform a simple test.				
	Can gather and record some simple data				
	Can use one or two basic observations and ideas to suggest an answer to a question.				
	Scientific Content	Dates			
Plants	Tell you the names of some:				
	Annual plants.				
	Evergreen plants.				
	Identify and describe the basic structure of a variety of common flowering plants, including trees.				
Animals including humans	Tell you the names of some common:				
	Fish.				
	Amphibians.				
	Reptiles.				
	Birds.				
	Mammals.				

I can	Science - Year 1				
Animals including humans	Tell you the names of some common:				
	Meat eating animals (carnivores).				
	Plant eating animals (herbivores).				
	Animals that eat both plants and meat (omnivores).				
	Compare some common:				
	Fish.				
	Amphibians.				
	Reptiles.				
	Birds.				
	Mammals.				
Everyday Materials	Label the human body using the right words.				
	Recognise which part of the body is associated with each sense.				
	Understand the difference between an object and what it is made from.				
Seasonal change	Identify and name a variety of everyday materials.				
	Describe the simple physical properties of a variety everyday materials.				
	Group together materials by their physical properties.				
Seasonal change	Recognise changes across the four seasons				
	Describe weather associated with the seasons.				
	Describe how the length of the day changes in each season.
